Beaded Weddings

Synopsis

Wedding ceremonies get the full bead treatment in this handbook of ways to add a decorative, personal touch to nuptials. The more than 75 projects are aimed at beginning beaders—but provide plenty of ideas for more experienced crafters—and are perfect not just for brides but also for family and friends. A teaching section introduces readers to techniques that appear throughout the book in projects that defy the idea that beadwork is limited to jewelry. Patterns for tiaras, veils, cake toppers, centerpieces, invitations, guest mementos, and even venue decorations are included, bringing the unforgettable sparkle and shine of beaded embellishment to all parts of a wedding party.

Customer Reviews

This book actually gives lots of interesting ideas for invitations, thank you notes, and gifts and many of the jewelry pieces (especially the tiaras and headbands) would be really gorgeous for a wedding.

The ideas are plain and there is nothing out of the ordinary. All the projects is simple and no book is needed to think up any of these ideas. I'm very dissappointed in this book.
