Customer Reviews

This product is terrible. I think the paint must be old. Anyway, it didnt work at all. It was terrible. What came with the book was thick and worked. These refills are all watery and do not stay on the outline. DO NOT WASTE YOUR MONEY.

Great product. My daughter has made tons of window decals with this stuff. We are on the third refill set after the original set ran out. This issue here is that the set isn't sold as advertised. It is supposed to include two more plastic sleeves and they do not come in the set. My daughter was a little disappointed. Should be a five star review but not sold as advertised.

I wanted bright, popping neon colors, but these are jewel tones. The green, for example, looks lime in the bottle and in the picture, but dries to emerald. Yellow looks lemon, dries topaz. Still good quality sun catcher paint, though.

I bought this as a replacement to a window cling craft set I bought for my son at Joanns as they didn't sell the paint there. These are smaller bottles but the cost compared to the kit, it is worth it. My son was able to make about 30 window clings before running out. A lot of fun for smaller kids. :)

This is a window art refill. I bought two items because my kids love to prepare this colorful figures to put on the window but the black one on both items was very liquid (a lot of water). The black color is used to prepare the contour so it was a deception

I've just got klutz extra stuff as a replacement for my daughter old paint and plastic sheet. On the description of the product I've read that the extra stuff includes six bottles of paint and two plastic tracing sheets. Be aware that there are not tracing plastic sheets in the package. It is deceiving information for the customers and the paint is of terrible quality - very watery. Big disappointment!

My daughter gets through the black so quickly - best craft stuff around. It was great to see I could get this much cheaper than buying from Klutz - as we are in UK the postage is expensive but not so with . Great stuff.

The colors for this product were great and I got it quickly but the outline black was defective and didn't work. My kids love making window art very much...I'd recommend it.
