Customer Reviews

All her remedies were mostly common sense. Also found she repeated remedies in the book often. Worst of all, seemed like the last third of this book was simply to advertise for her other books!?? Carry on and dont bore yourself with this one.

This little book gives a comprehensive explanation about the history of baking soda, baking powder, and washing soda. It is packed with many ways to use soda and to get the most benefit from it. If

you employ some of these methods in your everyday routines you will surely save money and have a cleaner, safer house. I especially liked using baking soda for cleaning. You might also like trying some of the recipes for good health.

Baking soda, like vinegar, salt, etc, is a basic in my life. It is used in a multitude of ways in cooking, cleaning, odor suppression, insect control and in making such common things as baking powder. By making essentials from scratch, I save a lot and know what is in what I make. This is an essential book for me.

I found the 'Magic of Baking Soda' very educational and informative. I have already been using Washing Soda together with my detergent instead of bleach. Now I understand how versatile Baking Soda really is and how it works. I had also been using Baking Soda, Vinegar and hot water for cleaning the drains in our house for quite a long time and I know it works very well. I had not been very familiar with Baking Soda, since it is not very well known in my homeland of Germany. I am very glad, I decided to read the book and I learned a lot.

I saw this in my Sunday paper and it sounded interesting. I found the Kindle version on and purchased it. It has a lot of good info in it. I would recommend it.

I really enjoyed this book. I'm sure I will be using many of the suggestions and receipies in this book both for cleaning and health concerns.

A fantastic little book. It gave me many positive uses for a simple product. It is written in plain english and give many great uses for a household staple.

... for a great natural product that is safe for many uses! Baking soda is a home remedy that can replace several toxic products.
