# Furniture In Miniature

## Synopsis

If you enjoy furnishing your home with beautiful handmade furniture, this is the app for you! From the creators of American Miniaturist, Dollhouse Miniatures, and Dollhouse.TV comes stunning pieces by professional artists as well as do-it-yourself projects to help you create furniture in any style. Use the projects included for building a basic stool, coffee table, or chair and expand on those techniques by adding ornate pieces or creating more complex designs. If you already own furniture but want to brighten it or modernize it, you can learn how to reupholster cushions or refine a bookshelf. Be inspired by the work of artists who sell mini chairs, sofas, beds, and desks for a living, and incorporate hints of their style into pieces you plan to make. Then you can rest easy knowing that your furniture is just as beautiful as the rest of your home!

## Customer Reviews

This is a good book if you are into miniatures and making the furniture and decorating your miniature house. The pictures are good, but the directions to make things are rather primitive.

Cutest little book! I recommend this for anyone who loves making dollhouses and furniture. I'll give it 5 stars for a clear step by step guide on how to make everything you see in the book.

This book had a nice balance of info on miniature furniture, plans and was inspirational. I can't wait try my hand at making period miniature furniture.

There should have been more diagrams instead of a lot of verbal instructions. To the average person, this is a totally different language.

In didn't have any instructions for the really cool furniture. Only the ikea style furniture , or reupholstering existing pieces.
