Customer Reviews

This book is very well written, includes clear directions and patterns for all different types of furniture. It is a good beginning upholstery and upholstered furniture construction book for miniatures.

A fun book to learn furniture upholstery,from here you can improve and add your own twist to things. Worth the money to learn the basics of a fun hobby.

This book is exceptional. It includes lots of color photos, detailed instructions and well-drawn patterns. I plan on having it spiral bound so I can use it easily while making lots of miniature furniture. A gem!

Absolutely must have for couches and they look so cute . Love the pictures and it even shows you how to do the wooden legs . Just the leather couch alone was worth buying.
