Customer Reviews

I enjoyed this book because I like Gordon Ramsay. I'm a fan of his charisma, his energy, the heart he puts into his projects and of course the sailor mouth he has. So naturally I enjoy learning more about him but there were times at the beginning of the book that it felt a little chaotic and hard to follow but seemed to come together at the end.

I chose this rating because I couldn't put the book down. A thrill a minute by a man who is clearly on his game. A man who made it big against all odds. Anyone who loves to read a rags to riches story about one of the most recognized Chefs in the world will absolutely love this book.

I was really disappointed in this review partly because I wanted so much to enjoy a story about my favorite TV chef and inspiration for my cooking obsession. This book did not deliver. The writer is merely a reporter...no more than that. His writing is not interesting and he should limit his talents to the dailies. He is not qualified, based on the poor writing in this book, to be anything more than a good reporter.
