# Garden Pals Amigurumi Crochet Pattern (Easy Crochet Doll Patterns Book 10)

## Synopsis

Amigurumi is a Japanese word for little stuffed animals. They are usually made from crocheted yarn and have an oversized head. The Japanese word "Ami" means crocheted, and "nigurumi" means stuffed doll. This is a very easy crochet pattern and great for beginners. The size of the Doll depends on the size of the crochet hook, thickness of yarn and how you stuff them; a bigger hook and thicker yarn makes a bigger doll. A doll stuffed tightly is bigger than one stuffed loosely. Size The dolls are 3 inches/ 7.5 cm high (excluding ears). This crochet pattern is written with U.S.A. crochet terms: ch = chain, sc = single crochet (UK : dc = double crochet), st = stitch, sl = slip, rnd = round, tog = together. Disclaimers:- The finished dolls are not suitable for children under 3 years because of loose parts (the eyes).- This is a Kindle pattern. You can read it on your Kindle, tablet computer, pc, notebook or smartphone. But Kindle patterns cannot be printed out.

## Customer Reviews

Again this author makes these easy, they are among the animals I'm giving the smaller kids for their Christmas. Having the other books I'm putting several of the animals together in a crochet drawstring pouch for their gifts.

I love this book. The projects are so cute and very easy to make. So far, I haven't been disappointed with any of Sayjai's patterns. They are easy to understand because they are so well written.

These turn out so cute! I have used Sayjai's patterns before and I have never been disappointed. The instructions are easy to follow and the patterns can be easily adapted with color and size to any need. I've made these for baby gifts with rattles and squeakers in them. I'm very, very happy with my purchase.

great idea to be able to make a doll for the granddaughters. Than the dolls are washable, just wash in the washer and dry in the dryer and the doll is clean again so they get a clean doll quick and easy dolls to make

I think the character are cute. I am not sure what I will use them for. You really can't give them to babies or small toddlers as the safty eyes are plastic. Although there is the option of sewing the eyes with color thread.

Well written instructions. The animals are all adorable. I have plans for each of these little guys from my desk to friends with babies

Quick,easy and adorable. I have made several and plan to make them all.Change colors the possibilities are fun and endless

I really liked this book: It gives clear and easy-to-follow instructions and the designs are pretty darn cute!! followed the overall design and then added my own details to make a Bat Amigurumi for my best friend. The only drawback I could find is in the tiny details which means no one foot or ear ever turns out the same as the next. Kind of annoying when they're supposed to match ...
